

## Pictoys Set Two

## Instructions for use and Children's homework pack

## Introduction

CLEAR Pictoys are a range of interactive resource sets that explore sentence building at different levels.

### Pictoys set two

While handing out a selection of food to three animal characters, children practise listening to and using sentences that contain two or three key words. The following pages in this booklet may be photocopied and used for continuation programmes.

### Contents

Pictoys set two includes;

Three characters; Cat, Rabbit and Pig.

Three bowls, three plates.

Six food items; Sausages, Chips, Pizza, Cheese, Pie and Burger.

27 cue cards.

### Using Pictoys

See pages 2 and 3 for full instructions for use.

### Other Suggestions

Pictoys set two is great for individual work or for group activities. In addition to targeting two and three word combinations this set can be easily adapted to work on different language targets. You could make the sentence level harder by asking "Can you give Rabbit the pizza, and Pig the pie". You could talk about eating, for example "Cat is eating sausages" or encourage the use of 'and' in the sentence, for example "Pig is eating sausages and pizza".

### Safety

All Pictoy products are intended for use alongside an adult. Some sets contain small components, therefore we advise that children are not left unsupervised during their use.

## Instructions for use

### How to Play - Two words together

You need; 3 animal base boards with bowls only attached.  
 The shopping basket containing the sausages, chips and pizza.  
 Cue cards 1-9 shuffled and placed face down in a pack.  
 (Homework Pack Pages 4 to 10)

Introduce the animals and foods to the child one by one to ensure they know each word.

### Listening

- 1) Take a cue card from the pack. Don't show the child.
- 2) Ask the child to recreate what is on your card e.g. "Give the sausages to Rabbit".
- 3) Once the child has followed the instruction, show your card so that they can see they were correct.

### Speaking

- 1) Let the child take a card from the pack. They should then tell you what to do.
- 2) At first the child might not use a full sentence e.g. "Give the pizza to Pig." Encourage the child to put at least both key words together e.g. "Pizza, Pig".
- 3) Follow the child's instructions so that they can see their speaking was successful.

## Instructions for use

### How to Play - Three words together

You need; 3 animal base boards with bowls and plates.  
 The shopping basket containing the cheese, pie and burger.  
 Cue cards 10-27 shuffled and placed face down in a pack.  
 (Homework Pack Pages 7 to 16)

Introduce the animals and food to the child one by one to ensure they know each word.

### Listening

- 1) Take a cue card from the pack. Don't show the child.
- 2) Ask the child to recreate what is on your card e.g. "Put the cheese on Rabbit's plate".
- 3) Once the child has followed the instruction, show your card so that they can see they were correct.

### Speaking

- 1) Let the child take a card from the pack. They should then tell you what to do.
- 2) At first the child might not use a full sentence e.g. "Put the pie in Pig's bowl." Encourage the child to put at least the three key words together e.g. "Pie, Pig's Bowl."
- 3) Follow the child's instructions so that they can see their speaking was successful.

# Homework Pack

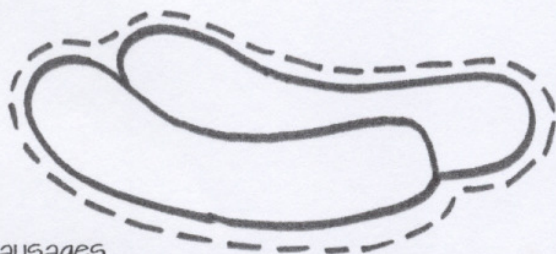

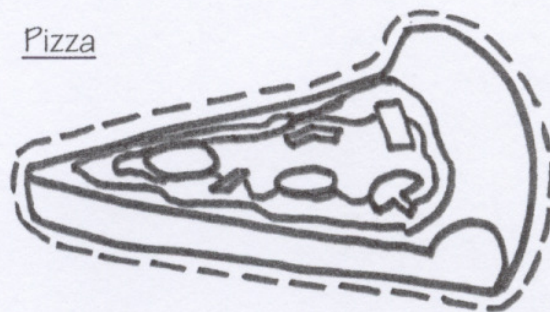

## Homework - Set up

Colour the food.

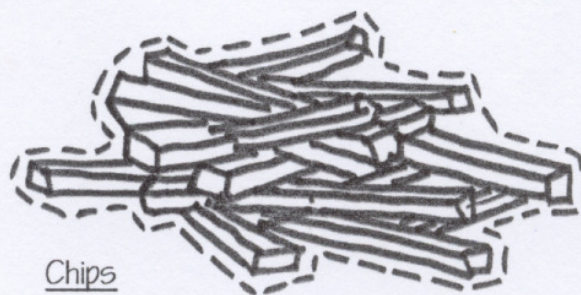

Cut out where indicated by the dotted lines.

Then cut out the cue cards.

Pizza

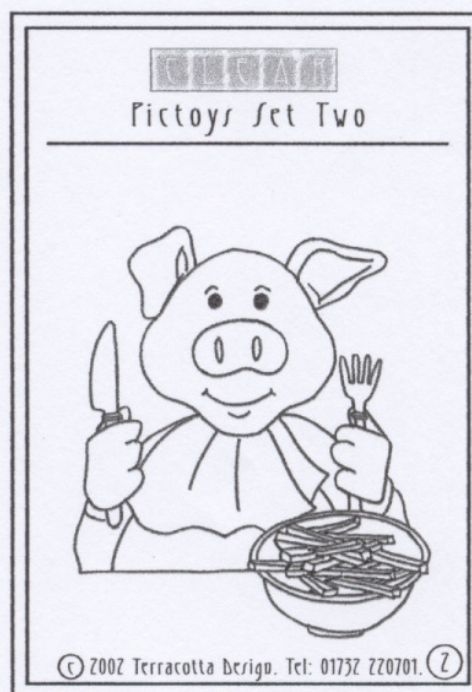

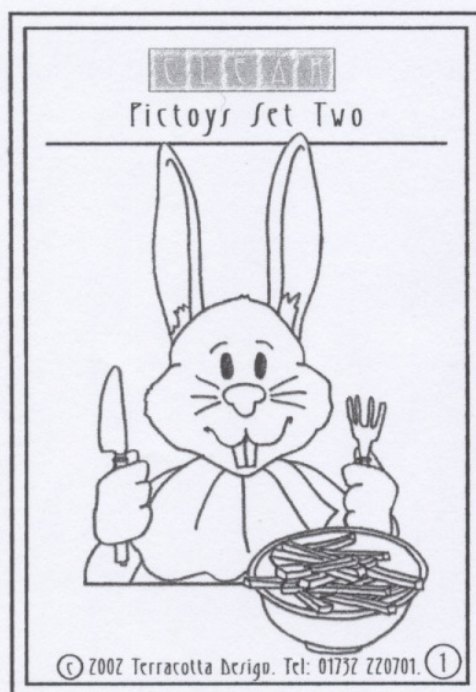

Sausages

Chips
